SPONSORSHIP OPPORTUNITIES

The Orphanage Assistance Program has been founded as a non-profit fundraising arm to assist orphanages and schools in developing countries and encourage long term self-sustaining programs.

This program offers three sponsorship options:

Sponsor a Child

Create a life-enhancing relationship with a sponsored child. CharityHelp International will bring low-cost communication technology to each orphanage, enabling them to send messages and pictures via the internet. We hope sponsors will develop long-term relationships with the children they sponsor via emails and photographs.

Help an Afghan Child with a One-time Donation

This program offers many different levels of support ranging from helping to purchase the equipment necessary to set-up a new orphanage to general donations to assist with the dramatically increasing cost of living expenses. This expanded option caters to interested donors without creating a long-term commitment.

Invest in the Future-Sponsor an Orphanage

This tri-level program of operating support gives us the opportunity to open and sustain new orphanages. Without new orphanages, eligible children will live in a world filled with the specters of child labor, homelessness, and prostitution. You can help change their world for as little as \$25 per month!

CharityHelp International – using innovative low-cost technology - builds life-enhancing relationships between sponsors and children combined with support and technical assistance to community-based programs in emerging nations. We join with our local partners to invest in the diversity, integrity, strength, & resiliency of the human spirit.

2005

CHI MODEL

CHI's model of sponsorship uses the internet and low-cost technology to give sponsors and orphans a window into each other's world. Sponsors are able to gain first hand insight into the culture and experience of the Afghan people while sharing their lives through letters and pictures via email to build lasting relationships with the sponsored children.

Our mandate is to support non-profit orphanages and schools in developing countries. It is our goal to help generate revenue and long term financial support for these organizations in the upgrade of the organization's use of communication services and internet technology.

RAWA PROJECT

CHI, founded in 2004, has created a model partnership with the Revolutionary Association of Women of Afghanistan (RAWA), the oldest political/social Afghan women's group, to invest in the peaceful and egalitarian future of their country.

All photographs and drawings are copyright of RAWA and used with their permission.
